NEW ENGLISH REMEDY FOR

Rheumatism and Gout! Attorney Second B. Edrington.

THIS remarkable remedy has been exten aively and exclusively used in the critish navy and marine hospitals for the last eight years with never failing success, and is now being introduced in America, where, by its curative virtues, it will undoubtedly head the list of remedies for Rheumatism and dout, acting promptly and surely. A few doses of it will convince the most skeptical that they have now a cure for their intolerable sufferings. nes.
